

On-site bike repair 2013

If you sign up for Bike Fix or Big Bike fix, we'll give a basic tune up to 10 or 20 bikes respectively. This service includes:

- Tire inflation
- Clean and lube of the drive-train
- Brake adjustment
- Gear adjustment
- Lateral wheel-truing
- Inspection of primary bearing systems and tightening if necessary (front hub, headset, bottom bracket, rear hub)
- If necessary, replacement of cables & housing, chain and/or brake pads subject to compatibility and parts charge (prices listed to the right)
- Inspection and tightening of all external nuts & bolts
- Wipe-down of bike

Bike Fix parts price list:

- Chain : \$12
- Cable & housing: \$5
- Tube: \$5
- Brake pads (pair): \$6
- Handlebar tape: \$12
- Grips: \$10

We explicitly don't do any internal or major repairs like unseizing rusted seat posts.

Your employees either sign up in advance by filling out a form and clipping their bike lock key to it, or by coming down within the first hour of the bike fix and bringing their bike to our work area (and leaving us a lock and key to secure it afterwards). Each bike will get a "bill of health" marked clean, or with additional repairs recommended (eg, "replace front tire soon"). Book today by calling 647-771-0669 or emailing redridinggoods@gmail.com
